REWARD OF $250 FOR SPRINGMAN

Father of Missing Man Made This Offer Today

SEARCH IS CONTINUED

One of the Most Puzzling Cases That Has Confronted Police—Absolutely No Trace of Missing Man.

A reward of $250 for the body of Kenneth M. F. Springman, twenty four years old, missing since Monday afternoon last, today was offered by his father, J. M. Springman, a merchant, of Lorton, Va.

This offer was made in order to stimulate the search for the missing man. Mrs. Springman feels thoroughly satisfied that his body will be found in the woods in this neighborhood, and is convinced that her husband was the victim of foul play.

Mrs. Springman stated today to a reporter for the Gazette that she has obtained no further clew to his whereabouts and that all available clews have been run to earth with out success by the authorities.

His whereabouts today are, therefore, as much a mystery as on Monday afternoon when he was last seen driving the bread delivery truck for the Dorsch Bakery going toward Washington.

The case is one of the most baffling that has confronted the police authorities for a long time past.

As already stated Springman was enroute to Washington to turn in after having delivered and sold bread on his run, going as far as Hoadly, Prince William county, Va. He stopped off in this city and visited his family, telling his wife he expected to return home that evening about 6 or 6:30 o'clock and his truck was found next day at Four mile run and all trace of the man lost.

BRAINARD ACCUSED

President of Harper and Brothers Under $500 Bond

New York, Dec. 13.—Clinton T. Brainard, president of Harper and Brothers, a member of the extraordinary grand jury which is in quest of an "overhelming crime," was held in $500 bail in police court here yesterday for trial upon complaint of the Society for the Suppression of Vice, that he had been concerned in the publication of an improper bock.

Mr. Brainard told the court he was in Europe when the book was published and that he knew nothing about it until after it had been brought out.

TO ADDRESS MERCHANTS

Two Richmond Men Will Speak at 3.30 Monday Afternoon

John K. Branch, president of the Merchant's National Bank of Richmond, Va., and William T. Dabney, Business Manager of the Richmond Chamber of Commerce will address the members of the Chamber of Commerce of this city on topics of vital importance to the business interest, on Monday afternoon at 3.30 o'clock in the auditorium of the Chamber of Commerce. Both of these gentlemen are well equipped to be leaders of the business thought in the state, and at this time they bring a message of great importance.

The address delivered by Mr. Dabney at the time of the organization of the Chamber of Commerce of this city is remembered by all who heard him then, and the opportunity of hearing him again will be a pleasure as well as a benefit to the business men, all of whom are invited and urged to attend the meeting.

IN MEMORIAM

In sad but loving remembrance of our dear sister, Barbara Vaughn, who departed this life one year ago today, December 13, 1918.

A happy home we once enjoyed,
How sweet the memory still,
But death has left a vacant place
This world can never fill.
I can never forget you dear sister,
While in this world I stay,
God only knows our feeling,
Since you have passed away.

BIG ELECTRIC CLOCK AT CITIZENS' BANK

Is Equipped With Set of Westminster Chimes

ATTACHED TO FRONT

Time Piece of Bronze and Plate Glass Construction With A Twenty-Four Inch Dial.

The Citizens' National Bank has erected a magnificent electric illuminated clock in front of its banking house. The time piece has 4 large dials facing as many different directions, and will not only add materially to the appearance of the busiest section of the city, but will prove to be a great convenience to the general public.

The most distinctive feature of the clock, other than its unusually artistic appearance and the perfection of its construction and mechanism, is the complete set of Westminster chimes with which it is equipped. These ring every quarter hour and may be heard practically as far as the clock may be seen.

The big clocks are operated by electricity from a Master Clock inside the building, in the main banking room. This is an especially handsome structure of bronze and plate glass construction, with a 12 inch dial, and guaranteed to keep practically perfect time. Every minute the hands of the big clocks are sent ahead one minute by electricity governed by the Master Clock within, the connection between the two instruments being perfect and insuring correct time on the large clocks on the outside as well as on the Master Clock inside.

The clock is attached to the front of the bank building at a sufficient elevation to be plainly visible from all parts of the street. The clock is 10 feet in height by 2 feet 9 inches square, of dark bronze with copper hood at top and bottom. All faces of the clock are alike, the dial being surmounted by the words Citizens' National Bank, in large illuminated letters. The dials of the clock are 24 inches in diameter, on pearl glass, with crystal on the outside.

The officers of the bank offer the following explanation of the beautiful Westminster chimes consisting of five tubular chime bells, with which the clock is equipped, giving interesting information regarding the chimes themselves as well as explaining the objects which have prompted the bank to offer the public the many advantages to be derived and enjoyed from this beautiful clock:

"As a home institution serving the people of this locality—enjoying your good will and business favor, we have in the past endeavored to show our appreciation by presenting our patrons with calendars and novelties and otherwise recognizing your co-operation in making this a serviceable and successful banking hour.

"Years of prosperous banking have been made possible only by your support. We wanted to show our appreciation in a substantial way and have, therefore, purchased of the manufacturers, the O. B. McClintock Co., of Minneapolis, Minnesota, including the exclusive rights for this city, a large handsome clock combined with a set of the softest and most beautiful chimes ever heard in any city of the old or new world.

THE CHIMES

"Lord, through this hour
Be Thou our guide
So by Thy power
No foot shall slide.

"Everyone who has lived within sound of the bells of Westminster is familiar with the verse given above. The origin of the carillon has never been positively established. Some writers accredit it to a Mr. Crouch, who was a pupil of Dr. Randall, Regius professor of music. This however, is disputed by other writers who accredit it to Dr. Randall's conception of the idea taken from a movement in the fifth bar of the opening of Haendel's Symphony, 'I know my Redeemer liveth.' The Chimes were first fitted to the clock of the University church, St. Mary's the Great, in Cambridge, but were not copied until they were reproduced on a very large scale in the Victoria clock tower of the house of parliament.

"At the quarter, half and three-quarter hour, these chimes will ring out in various musical combinations. At a quarter past the hour, four strokes—Westminster; at half past the hour, eight strokes—Rewille; at the three quarters past the hour, twelve strokes—Cathedral peal; and on the hour sixteen strokes—Westminster, followed by the striking of the full hour in a clear vibrant tone.

"May we hope that the chimes will mean something to all of our people—that they will have a message for the youngster on his way to school—a thought for the business man who hustles through his day; a solace for the old; and inspiration for all.

"Every day of the week the chimes will be sounding their message— the note of warning spoken in time; the chimes of rejoicing; the lament in time of sorrow. This chime will be all things to all men for it is going to belong not to us alone, but to men and women and children of our community."

FOOT BALL A'S AWARDED

The foot ball players of the A. H. S., gathered in High School auditorium last Thursday evening to celebrate the close of the season. On this occasion, the basket ball girls of the High School, acted as hostesses at a supper in honor of the gridiron veterans.

Miss Hilda Noonan as vice president of the Athletic Association, welcomed the guests to which Captain Herbert Knight responded.

After regaling themselves satisfactorily, the company listened to several speeches. Mr. Hayden, the boy's coach, acted as master of ceremonies, and Mr. Ray, principal of the High School, came first on the program with a short talk. He was followed by Capt. W. H. Sweeney, Superintendent of Schools, who made some interesting remarks to the students. After these, came Herbrt Knight, captain of the Athletic Association, and Herbert Allen who has come back to finish his high school course after leaving it for service in France. Fred Petitt, the newly elected captain for next year, and Victor Hicks, manager for next year also made short speeches of appreciation for the honor conferred upon them.

During the course of the evening, foot ball A's were awarded to the following thirteen men: Fred Petitt, left end; Herbert Allen, left tackle; Edward Wright, guard; Everett James, center, Jack Pohl, right guard Magnus Bales, right guard; Frederick West, right tackle; Edward Oliver, right end; Stanley Dreifus, left half back; Robert Midkiff, left half back; Herbert Knight, full back; Davis Jackson, quarter back; Victor Hicks, right half back.

It is interesting to note that in awarding letters to thirteen men, Alexandria is keeping pace with Teek, Central and Western High Scholos of our neighboring city, Washington. All these schools awarded thirteen letters.

The several committees having in charge the three day campaign to secure subscriptions to the stock of the Alexandria Real Estate and Mortgage Corporation have secured enough pledges to cover the minimum amount of capital that this Company will have to have in order to make this undertaking possible.

The organization committee wishes to extend its thanks to those of our citizens who so promptly subscribed to the stock of this Company and we also wish to take this opportunity to publicly thank those gentlemen whose hard work during the past few days has made the success of the present campaign possible.

It is necessary for us to impress on those Alexandrians who have not subscribed that we only have enough money to justify us in starting a Company, and that this Company will be able to accomplish much greater results, and will be able to do very much more towards solving our serious housing problems, if the stock subscriptions are materially increased.

Believing that a number who have not already signed will wish to subscribe, we have arranged to have a subscription list at each of the four banks and Capt. Geo. H. Evans at the Chamber of Commerce will be glad to call on any one who might wish to become a stockholder.

Prompt action on the part of any prospective subscriber will be greatly appreciated, as this will enable the Company to know exactly what capitalization they can depend on at their final organization meeting, which will be held very shortly.

TOTAL $110,000 IS SUBSCRIBED

House Building Proposition Is Now Assured

SUBSCRIBE AT BANKS

Expect Total to Reach $125,000—Committee Highly Gratified—Meeting of Committee Monday.

The committee in charge of soliciting stock subscriptions to the housing proposition succeeded in raising approximately $110,000 from about 100 subscribers. The highest subscriptions received was for $5,000 and there were two for this amount The minimum amount taken was $1,000.

Members of the committee today expressed gratification over the response made by the citizens in order to help build homes for the new citizens expected here to work at the U. S. Naval Torpedo Station.

Members of the committee, all of whom are well known business men, are through with the work of canvassing and it was announced today that lists will be left at every banking house in the city and those desiring to subscribe for stock may do so through their banker.

The committee hopes to raise $125,000 in subscriptions. That the total probably will reach this amount with the additional subscriptions taken at the different banks is the opinion of members of the committee.

The committee on organization will hold a meeting at 10:30 o'clock Monday morning in the rooms of the Chamber of Commerce at which time definite plans for the work will be mapped out.

Soon a meeting of all of the subscribers to the project will be called and directors chosen and other detailed plans for work completed.

As already told in these columns it is the intention of the company which has already been chartered by the state corporation commission under the name of the Alexandria Real Estate and Mortgage Corporation to erect houses and sell them to new citizens.

AMERICAN WOMEN'S LEGION

The secretary of the Alexandria American Women's Legion has received a letter from the Washington organization as follows: The American Women's Legion extends an invitation to the Alexandria Legion to be present at the rally to be held Wednesday, Dec. 17th, at 8 p. m., in Liberty Hut, Washington. Seats will be reserved for members from Alexandria.

All who wish to attend are requested to phone 475 between the hours of 6 and 7 p. m., before Tuesday, so the secretary can notify the committee in charge, the number of seats to be reserved for Alexandrians.

MEXICAN SITUATION

Washington, Dec. 13.—The Carranza government is endeavoring to establish an "entente cordiale" with Great Britain by granting many favors to British interests in Mexico and treating British subjects there with the greatest deference, according to confidential advices received here.

The campaign of modification is accompanied by a very different kind of campaign against American citizens and American interests, the dispatches reveal.

ANOTHER WILL-O-WISP

J. Cloyd Byars, of Richmond, a former State senator and brother-in-law of former Judge John W. Price, prominent lawyer in Washington with offices in the Southern Building, is the leader of a movement looking to the retrocession of Alexandria to the District of Columbia.

Robert N. Harper, president of the Washington Chamber of Commerce, will go in session with Mr. Byars over this project.

Mr. Byars recently laid the matter before the Fine Arts Commission and stated yesterday that he expected to take the matter up with all of the prominent business men in Washington with the view of launching a definite movement for the restoration of the District as provided for by the constitution.

If the State of Virginia resists the cession back to the District, as he said they were sure to do, he is willing to back legal proceedings to declare the original cession unconstitutional.

There is a reason for all this, and it is apparent at present. In the early forties, when the people of Alexandria—that is a large majority of them—grew weary of forming part of the population of the District of Columbia and sighed for a renewal of their allegiance to the Old Dominion, it was urged that the government had placed no federal building upon the south side of the Potomac, nor was there any likelihood it would. Alexandria was but a part of the tail of the kite of the District of Columbia. It is not so now. Alexandria has made great advance during the past two years, important industries have been located here and the population increased. Hence the people of the District are looking with covetous eyes upon our old town.

We are following the even tenor of our way, and, like the late Southern Confederacy, ask to be let alone.

LIQUOR WITH "A KICK"

Horace G. Stiffler was before the Police Court of Baltimore yesterday to answer the charge, preferred by his wife, of attempting to place one of his children in a red hot stove. The complainant brought a quart bottle of a suspicious liquid with her from which she averred her liege lord drank. The accused was fined $25 and costs.

Warnings are being sent out to dipsomaniacs to beware of certain potions sold for stimulants. The use of such compounds is said to cause paralysis and blindness.

A GOOD OMEN

President Wilson yesterday telegraphed Acting President Lewis, of the coal miners' union, his appreciation of the "patriotic action" taken by the miners' representatives yesterday at Indianapolis.

Acting President John L. Lewis, of the United Mine Workers of America, yesterday answered the telegram. Mr. Lewis told the President that the mine workers are "profoundly impressed with the assurance of fair dealing," and his reference to the patriotic action of the workmen, extended by him.

One of the shortest and most interesting books of the Bible is the Book of Ruth. The pastoral scenes and customs in the days of the Judges of Israel is beautifully told in this brief production, and there are suggestions in it which are applicable to our day and generation, although at least fifteen centuries have passed away since Elimelech and his wife Naomi went from Bethlehem-Judah to dwell in the land of Moab. Upon the return of Naomi and her daughter-in-law Ruth to the land of Canaan they went down into the field of Boaz to glean, "and Boaz came from Bethlehem unto the reapers, and said, The Lord be with you. And they answered and said, The Lord bless thee."

How soon would the present disturbed condition of the world pass away if both employer and employee acted upon the principle set forth by Boaz and his reapers!

EXIT, BERKMAN

The last hope of Alexander Berkman, noted anarchist leader, to escape deportation to Russia, was blasted Thursday.

Emma Goldman has abandoned her appeal and she will also be sent out of the country.

Final decision on a similar appeal by Emma Goldman, also at Ellis Island awaiting deportation along with Berkman, was postponed until next Thursday, in order to afford time for Harry Weinberger, attorney for the two radicals, to complete the record in her case. The court denied a request for bail in this case.

Director General of Immigration Caminetti has stated that he will start Berkman on his way to Russia on the next boat bound in that direction.

"Berkman and Goldman have fought to keep their claws hooked in the soil of the land that is sick of them," says the Philadelphia Record.

"This has been a pleasant jungle for them, and the preying and the prowling have fattened their bodies and brought them rich plunder. It is no wonder that those claws are tenacious.

"No one who read the news story of their appearance and of their utterances when the Government officials escorted them to the outer gate need wonder why it is they show so little inclination to make the trip to Russia. America has seen their meat. Russia will be a famine to them, possibly worse.

"They will have to work if they go to Russia, and they have not had to do that here. Here they have lectured and written books, and their activities have brought money to them, even when they languished in jails, which Miss Goldman denounced as deficient in the matter of cuisine. But bad as those jails were, three meals a day in one of them for life seem preferable now to the Berkman and the Goldman."

FOR THE MARINES

Sergt. Ford is Here for Recruits for That Branch

"It's great to be a sailor on the land and a soldier on the sea!"

Sergeant Fonce Ford of the United States Marine Corps recruiting office at 605 King street, this city, rustled some crisp, official looking papers on his desk and went on: "I have here a report from the strangest ship in the world.

"It is located on the dry shores of Parris Island, South Carolina, and is manned by 'soldiers of the sea' who are learning to be sailors on dry land. Its name is the good ship United States Marine Corps Sea-Going Depot.

"The depot was recently established for the instruction of marine recruits who are to serve at sea. And it is some school.

"Not even the saltiest of tars has anything on the Marine who finishes his course. He is even wise to the time-honored jests of the sea. He is taught that there are no such things as hammock ladders, green and red for the port and starboard lights and keys to the anchor watch.

"From the time the recruit arrives at the depot until he leaves for shipboard in his trim, blue uniform he hears nothing but nautical language.

"He sleeps in a hammock swung in approved navy style. In the morning 'jimmy legs" swaggers through the barracks—which is called a "compartment"—yelling, "A-a-a-all! h-a-ands! Show a leg! Hit th' deck!"

"The Marine never says 'Shut up,' but always, 'pipe down.' His meals are cooked in a 'galley' not a kitchen one end of the barracks is 'forrard' and the other 'aft,' one side 'port' and the other starboard. Kitchen police are jacks o' the dust, and the company clerk is a 'yoeman. He goes ashore when he leaves the barracks, and when he is too ill for duty he is on the binnacle list. When he goes before the commanding officer, he says he is going to the mast.

"His instructors teach him to knot and splice and to row and sail small boats. He learns how to handle the five-inch guns and anti-aircraft batteries at sea. He must also qualify as a signalman.

"And all this after he has been thoroughly trained in matters purely military. So, you see, 'Soldiers and Sailors, too,' is no mere recruiting slogan."

Those seeking to enlist in the Marines should call on Sergt. Ford at the above address for full particulars.

GARFIELD QUITS

Secretary Tumulty last night officially confirmed the report that Dr. H. A. Garfield had tendered his resignation as Federal Fuel Administrator to President Wilson, Mr. Tumulty said that the resignation would be accepted.

"We are all sorry," said Mr. Tumulty, "that Dr. Garfield feels as he does—he's done a fine job."

Friends of the Fuel Administrator said that his position is that the government should not have been placed in the position of surrendering to the miners, and insisted that Dr. Garfield did not take his action because he was piqued at being ignored by the administration in the strike settlement. This statement was confirmed by officials at the White House, who insist that Garfield was not ignored in the strike settlement as was charged in some quarters.

DR. R. L. RANDOLPH DEAD

Baltimore, Dec. 13.—Dr. Robert Lee Randolph, son of the late Bishop Alfred Magill Randolph, of Virginia, and Mrs. Randolph, died Thursday night at his home, 609 Park avenue, after an illness of about a year.

Born at Fredericksburg, Va., December 1, 1860, Dr. Randolph was educated at Johns Hopkins University, the University of Maryland and in Vienna. He was connected with the staff of ophthalmology at Johns Hopkins Hospital and the Hebrew Hospital, was aural surgeon in chief of the Baltimore and Ohio Railroad and chief surgeon of the Chesapeake Steamship Company, in addition to his private practice.

Dr. Randolph married Miss Phoebe W. Elliott, of Beaufort, S. C., who died about five years ago. Surviving are his mother, three sons and three daughters.

EPISCOPALIANS NAME LEADERS FOR BIG DRIVE

"Every Member" Campaign to Be Waged Next Month.

On December 7 the Protestant Episcopal Church throughout America will complete a "drive" that must stand as unique among the many that have been made since the exigencies of war first brought that term to its present definition.

It has been a drive for souls and not for dollars—a "drive" from the shoulder, at the heart, not the pocketbook. Its principal purpose has been to keep awake and active the spirituality reawakened by the world upheaval; to shake into activity and highest efficiency those offices of the church which may have become to a greater or lesser degree dormant and to impress upon the laity that the church stands equipped and eager to supply every spiritual need.

Every city and hamlet in the country has been made to feel the revivification. Locally both clergy and laity have worked as never before to establish their church with its communicants and a pronounced recrudescence of activity already is evident.

December 7 the Big Day

The full tide of the drive will be felt during the first week of December. During that period every member of the church will work with redoubled effort to the end desired and to produce the fund which will be required to make the new program effective.

A committee of fifteen of the most distinguished men of the nation has been named to handle the great campaign. Henry P. Davison, director of the Red Cross during the war, has been named as the organization executive. He will have the active assistance of many notable churchmen and lay readers who have been elected to the committee of fifteen behind them, among them Bishop Charles P. Anderson, of Chicago; Bishop John G. Murray, of Maryland; Bishop Arthur S. Lloyd, Bishop Frederick F. Reese, of Georgia; Bishop Charles Sumner Burch, of New York; Rev. Dr. Ernest M. Stires, of New York; Rev Dr. Edward S. Rousmaniers, of Massachusetts; Rev. Dr. James E. Freeman, of Minnesota; Rev. Dr. William H. Milton, of East Carolina; Rev. Dr. Frank H. Nelson, of Southern Ohio; Arthur Woods, of New York; George Wharton Pepper, of Philadelphia; Burton Mansfield, of New Haven, Connecticut, and Oliver J. Sands, of Richmond, Virginia.

First among the financial needs of the church considered at the recent triennial general convention in Detroit, was the pressing need for higher salaries for the Episcopal clergy. It was found that only too often many of the most active and effective workers within the church were subjected to hardship and even to humiliation by present insufficient emolument. That he may hereafter do the work as a leader of the church with efficiency and self-reliance that fault is to be remedied.

Careful revision of the statement of church needs indicates that a sum approximating $42,000,000 will be required to cover in detail the program of the next three years. The sum originally fixed was $62,000,000 but the joint commission last week revised this estimate to make the program as efficient and as reasonably economical as needs will permit.

How It Is Apportioned

Of this total, $28,000,000 will be required for general work and $14,000,000 for diocesan needs. Ten millions of the sum specified for general work will be devoted to home missionary work in the dioceses and missionary districts of America; the remainder to missionary work in foreign fields, for social service, religious education, Americanization and other work in America.

FLIVVERS, LAUNDRIES ARE RELIGION'S NEEDS

The instruments of religion must change with the times, according to a survey of church needs in the South, by the Episcopal Church in connection with its Nation-Wide Campaign to expand its usefulness and awaken its people.

Some of the equipment necessary, according to reports by clergymen and missionaries, includes:

Tennessee—One laundry, one moving picture machine, one library.

South Carolina—One automobile, one orphanage.

Georgia—One automobile.

Alabama—Fifteen automobiles and six missionaries to work in fifteen unoccupied counties.

Mississippi—Two automobiles, one dormitory.

Arkansas—One sanitarium, one hospital.

Louisiana—Two athletic fields.

In Louisiana, likewise, they are rather specific. The report on missionary needs of the diocese includes "one Ford car."

The assorted equipment expresses to some extent the nature of the Nation-Wide Campaign, which is a movement to broaden the scope of the church, and to seek new opportunities and responsibilities as well as a means of meeting. The automobiles are declared necessary to enable clergymen to minister to widely separated missions and to parishioners in isolated points.

DISTRICT ENLARGED

Alexandria City and County Transferred With Headquarters at Roanoke

Collector of Internal Revenue Moncure's district has been enlarged by ten counties and one city, comprising some of the richest territory in the state. Mr. Moncure was advised of the change by the department in Washington, in accordance with an order signed by President Wilson on November 25.

Collector Moncure states that, in his opinion, the total revenues for his district for the fiscal year ending June 30, 1920, would be increased approximately twenty per cent, making the total exceed $40,000,000. Income taxes will be boosted largely through the additional territory, the probable increase being estimated at 25 per cent. Other sources of taxation in the new territory are expected to amount to from twelve to fifteen per cent of the district total.

The counties of Fauquier, Loudoun, Prince William, Fairfax, Culpeper, Orange, Mecklenburg and Alexandria and Alexandria city were transferred from the sixth district, with headquarters in Roanoke. Accomac and Northampton were formerly in the Maryland district.

The department of internal revenue is expected to make arrangements for increasing Collector Moncure's force in a short while. Until this is done, however, no steps will be taken by Mr. Moncure to provide for the proper supervision and collection of internal revenue taxes in the new territory. The change will naturally entail a large amount of extra work in the office of the collector.

The transferral of territory makes the eastern district in charge of Collector Moncure stretch without a break from Norfolk to Washington and makes the collection and judicial district conform. No reason has been assigned for the change, with the exception that it divides the counties of the state more evenly between the two districts.

INGOMAR THEATRE

William Russell, best liked of all athletic stars, picturing one of the man's size men of the Great West—men Theodore Roosevelt had in mind when he wrote in his Autobiography.

"We knew toil and hardship and hunger and thirst—and we saw men die violent deaths; but we felt the beat of hardy life in our veins, and ours was the glory of work and the joy of living."

Lovable Vola Vale is in the picture as "Six Feet Four's" charming sweetheart. Harvey Clark, Chas. K. French, Clarence Burton, Al Garcia and Jack Brammall are other familiar names in the big, important cast.

A 100 per cent picture, with a thousand thrills packed into six reels. Gripping—spicy—speedy!

Tense, dramatic situations that hold you breathless with suspense. The biggest picture "Big Bill" Russell ever made—a true screen classic.

RICHMOND THEATRE

That the female of the species is more deadly than the male is well shown in "The Thunderbolt," starring Katherine MacDonald, and which will be seen for the last time tonight.

As Ruth Pomeroy, only living member of the Pomeroy family, Katherine MacDonald is forced into a loveless marriage with Bruce Corbin, the only living representative of the family which the Pomeroy's have hated for generations. Corbin, through cold-blooded business dealings, has Allan Pomeroy in his power when the shock resulting from Corbin's threat that he will publicly disgrace Pomeroy unless Ruth Pomeroy marries him, kills Pomeroy. True to her promise, Ruth enters into this distasteful marriage with the hope that she may learn to love her husband. Her hopes are shattered, however, when she is told by Corbin that he married her not out of admiration for her beauty but to carry out his father's wish, that he should "get the last of the Pomeroy's."

How the male member of the Corbin family is outwitted by the female of the Pomeroy family forms the basis of this interesting picture

GEORGE F. RAND KILLED

Buffalo Banker Has Accident in England.

London, Dec. 13.—George F. Rand, president of the Marine National Bank, of Buffalo, N. Y., fell from an airplane near Catenhan, Surrey, Thursday and was instantly killed.

Lieutenant Bradley, who was piloting the machine, was dangerously injured.

YOUNG WRITER KILLED

Experimented With a Weapon Did Not Know Was Loaded

Freeport, N. Y., Dec. 13.—Attempting to inject "action" into a story he was composing, Stanley Simon, a young magazine writer, accidentally killed himself with a revolver at his uncle's home here, it developed at an inquest Thursday

The uncle testified that the author, while pondering over a scene in his story in which a revolver figured, but which his publishers had informed him lacked action, experimented with a weapon that his uncle said he did not know was loaded.

BEFORE THE WAR PRICES

Clothing and Shoes Materially Reduced in Chicago

Chicago, Dec. 13.—Chicago clothing merchants agreed yesterday to establish a line of clothing that would be serviceable and sell at "before the war" prices. Men's suits and overcoats were to be offered at $24.50, women's suits, at $25, and women's coats at $18.90. Shoe dealers agreed to establish a line of men's shoes at $5.95 and women's shoes at $4.95.

These prices, it was explained, are neither maximum nor minimum for entire lines in any stores, but they set a standard from which the retail dealers are expected to work.

BACKBONE BROKEN

Half of Striking Miners Back at Work—Heat and Light Bans off

Chicago, Dec. 13.—It was estimated last night fully half the coal miners of the country had returned to work. Geo. W. Reed, Chicago representative of the Federal Fuel Administration, said the backbone of the fuel famine had been broken and announced rigid restrictions on industry would be lifted, beginning Monday morning. It was expected train schedules would be restored in a few days. Approximately 3,000 of the 60,000 miners of Illinois have returned to work. Some 20,000 have announced they will not return until their original demands for a 31 per cent increase in wages and a six hour day are granted. It was expected 10,000 would return to work next week. Mine operators said that unless they were allowed to increase the price of coal some of the smaller mines would have to close.

Washington, Dec. 13.—Lifting of all restrictions on fuel, light and power in the District of Columbia came last night in the form of an order issued by Regional Director L. W. Baldwin, of Philadelphia, by authority of the Federal Fuel Administration. This action follows the end of the coal strike and the consequent betterment of fuel conditions.

Today Washington assumed its normal aspect.

Give Practical Xmas Gifts

Never before has the need of practical gifts been more apparent than in this holiday season. High prices have prevailed to such an extent that luxuries and non-essentials have been practically stricken from the gift list.

Nothing could be more pleasing or serviceable than clothing, especially at this season of the year. Clothing has been recognized for years as the one most practical gift at Yuletide.

In this store can be found clothing for the man or woman, suits and overcoats for the former in a great variety of styles and materials—snappy models for the young man and the more conservative for the older men. And every garment is priced reasonably and a small deposit now will do the trick. You pay the balance after the holidays.

Hood Prices, being based absolutely on actual costs of highest quality materials and labor, are consistent with Hood Quality and Road Service

The Hood ideal of tire value and service — greatest average mileage actually delivered at lowest cost per mile — remains unshaken by unsettled conditions which are arising to confront and confuse both tire dealers and tire users.

With costs of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equaled in the tire business, Hood will maintain present prices and quality.

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. *We will not pull down our standard* — it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be — as in the past — THE standard by which *real* tire values can be safely judged, for to-day the *price* of a tire is the only true representation of comparative value — guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY price, divided by miles actually delivered, makes the Hood the most economical tire you can buy.

Can you afford to be without Hoods?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 8,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

PERMIERS CONFER

Reports Hinting at New Alliance Discredited by Paris

London, Dec. 13.—Unusual importance is attached to the conference held at Premier Lloyd George's official residence in Downing street yesterday, attended by Premier Clemenceau, of France, Foreign Minister Scialoia, of Italy and other British Allied representatives of prominence. The general belief in diplomatic quarters was that the conference was for the purpose of discussing the proposed Allied loan to Austria and the subject of the pact between France and Great Britain to guarantee France against unwarranted attack, into which agreement it was originally expected the United States would enter.

Late yesterday it was learned that as Premier Clemenceau and Lloyd George had been unable to complete their conference M. Clemenceau had postponed his departure for France until Sunday.

The French primier was received in audience by King George at Buckingham Palace that evening.

Premiers Lloyd George and Clemenceau resumed their conferences on war problems yesterday forenoon. Earl Curzon of Kedleston, secretary of state for foreign affairs; Sir Maurice Hankey, secretary of the war cabinet, and the French Ambassador were present.

International finance was discussed yesterday morning. J. Austen Chamberlain, chancellor of the exchequer, was called into the meeting after cancelling a speaking engagement.

John W. Davis, the American ambassador, and the representatives of Italy now in London joined in the conference later. They remained until the conferees adjourned for luncheon.

FLOOD CRISIS PASSED

Hundreds of Persons Rescued From Trees and Houses—Deaths Reported

Montgomery, Ala., Dec. 13.—It was believed yesterday that the crisis of the worst flood in the history of Montgomery had passed. The river receded about eight inches during the night, but further rains are predicted. Thursday evening the Alabama River had risen to a stage of 57.9. The preceding high water record was in 1886, when the river reached 56 feet.

Hundreds of persons have been rescued from trees and houses. Thousands of refugees are here, and the many relief organizations are working energetically to provide quarters for the unfortunates.

A serious condition is reported from Prattville, where the second dam broke Wednesday night. It is reported that the water stands 7 feet in the streets here. Several deaths and much suffering are reported. Two negroes were drowned at Montgomery last night. Conflicting reports are received as to the number who lost their lives, but it is said the total will not exceed 15.

The several power plants of this city are inundated and no electric lights, street cars or other power can be had within a week. The city is threatened with a water shortage owing to the stoppage by the high waters of the public works. It is also threatened with a coal shortage, and restrictions already have been placed on the sale of kerosene, of which the supply is running low.

BALTIMORE BLUE LAWS

Jury Frees Violator of Same at First Airing Yesterday

Baltimore, Dec. 13.—The recently revised Sunday blue laws, some of which date back to 1723, and under which more than 1,000 indictments have been returned by the grand jury had their first airing in court Thursday since the recent reform wave started. The blue laws suffered defeat.

The jury listened to testimony regarding Sunday selling by a confectioner, the first indicted person to be tried, and promptly returned a verdict of not guilty.

A great deal of interest attached to the first case tried, as it was expected the prosecution would select a case in which the evidence was clear.

Merchantville, N. J., Dec. 13.—Frank Jackson, in leaning down a chimney to clean out some soot, fell head first down the chimney and was nearly dead when a hole was cut within the house and he was taken out.

He was unconscious from the result of blood rushing to his head, and his condition is serious.

CONTROL OF SUGAR

Government Will Have Charge Another Year—May Cost 25 Cents a Pound

The Senate yesterday passed the McNary bill which provides for government control of sugar for another year.

It was sent to the House where it may be discovered that action was taken too late. Another result may be the resignation of the Sugar Equalization Board, as the McNary bill recognized none of the recommendations made by that board.

The whole matter now is left to the buyer and seller of sugar, in the opinion of those who have most closely followed the devious paths which discussion has taken.

It seems that in framing the belated legislation the Senate failed to take into consideration the recommendations made by the sugar board through its president, George Zabriskie. The latter made certain recommendations in a letter to Attorney General Palmer October 27. These apparently were ignored. Zabriskie called attention to the impossibility of buying the Cuban sugar crop but proposed a method of curtailment of candy and sweet drink manufacturers.

It is asserted that the Cuban sugar crop is practically out of the market and in the hands of speculators. The available portion is controlled by owners who believe that they are going to receive approximately the same price as awarded Louisiana producers, 17 and 18 cents a pound. Should this be realized, which now seems likely, it would mean 25 cent sugar to the consumer.

"RAINBOW" SUGAR

Used in Candy for Years, Says New York Health Commissioner

New York, Dec. 13.—Analysis by the health department of "rainbow" sugar which was reported to have made children ill after eating it revealed no injurious ingredients, Health Commissioner Copeland announces. He said that this kind of sugar has been used in the manufacture of candy for years.

KEPT HER AWAKE

The Terrible Pains in Back and Sides Cardui Gave Relief

Marksville, La.,—Mrs. Alice Johnson of this place writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shal lalways praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints. Cardui may women who once suffered in this way now praise Cardui for their present be just what you need. Thousands of good health. Give it a trial.

HITS LARGE PAPERS

Jones Bill Increases the Postage Rate

Washington, Dec. 13.—Newspapers containing more than 24 pages would be charged five times the present postage rate under a bill introduced yesterday by Senator Jones, Democrat, New Mexico. The senator said publishers in his state complained that only big city papers with their own mills were able to obtain all the print paper they needed.

"Twenty-four pages would give ample space for current news and advertisements," said Senator Jones.

Declaring that economy should begin at home, Senator Smoot, Republican, Utah, announced that hereafter he would oppose publication in the Congressional Record of all sorts of documents and petitions bearing on every possible question. Vice President Marshall suggested that it might help the paper situation to suspend the publication of the Record.

Publication of the Record also was discussed in the House. Representative Walsh, Republican, Massachusetts, stating that its cost had advanced to $60 a page. He said he would oppose extension of remarks or insertion of petitions and testimonials by members in the future.

Agents of the Bureau of Printing, Walsh said, are scouring the country to find paper to print government documents.

GIRL KILLS BROTHER

Miss Julia Lyon Shoots When He Attacks Mother

Hyattsville, Md., Dec. 13.—Miss Julia Lyon, 19 year old daughter of Mr. and Mrs. Wallace C. Lyon, of Maryland avenue, this place, shot and almost instantly killed her brother, Wallace C. Lyon, Jr., 26 years old, Thursday afternoon when, it is alleged, the brother, who was mentally deranged, attacked the mother with a carving knife.

The shooting took place in the dining room of the Lyon home, Miss Lyon firing three shots from a revolver. Two of the bullets took effect in young Lyon's body and one struck Mrs. Lyon, inflicting a minor wound. She was taken to a Washington hospital, where it was said her condition was not dangerous.

According to Harry Lyon, another brother, who made a statement to the authorities immediately following the shooting, Wallace Lyon, in a fit of rage, attempted to choke his mother while the two were in an upstairs room. Mrs. Lyon broke away, according to the story, and the son followed her downstairs and had attacked her with the knife when Miss Julia seized the revolver and began firing.

A local physician states that yesterday he urged that young Lyon be placed in an institution on account of his mental condition, but that the mother refused, declaring she feared he would not receive kind treatment.

It is stated that the young man has been in a violent condition for the last few days. He was given medicine Wednesday in a vain effort to quiet him. Yesterday morning he seized a cat and beat out its brains and then is declared to have said to his mother "that is what I am going to do to you." It is stated that the young man had attacked his mother on previous occasions.

The dead man's unsound condition was due to an accident suffered when a boy.

TRAIN HITS AUTO

Richmond, Va., Dec. 13.—Robert Pence, aged 35, was instantly killed, and Sherley Stillwell, of Petersburg, was badly injured at Alberta, Va., yesterday afternoon, when a train on the Virginian Railway crashed into the automobile in which they were riding.

POUNCE ON SINN FEINERS

Wholesale Raids and Deportations Under Way in Ireland—Wartime Atmosphere Develops

London, Dec. 13.—The Dublin mansion house has been seized and will remain, "temporarily," in the hands of the British military authorities. A great mass deportation of Sinn Feiners is said to be under way with Kingstown as the port of deportation. A dragnet has been spread across the length and breadth of the Erin Isle and every local headquarters of the Sinn Fein and the houses of all prominent anti-English leaders are being raided.

Before dawn yesterday morning an armed vessel steamed into Kingstown. All approaches to the harbor were heavily guarded by troops. The port resembled Dover or Brest in war time. Shortly afterward motor lorries came clattering along. They were filled with prisoners. Along side the lorries rumbled tanks and armored motors jammed with troops whose bayonets glistened weirdly in the first rays of the sun.

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

REV. R. C. JETT NEW BISHOP

Session at Roanoke Organizes New Southwestern Virginia Diocese of Church

Roanoke Va., Dec. 13.—At a primary council session Wednesday the Diocese of Southwestern Virginia of the Protestant Episcopal Church, was organized, to embrace the cities of Roanoke, Lynchburg and Staunton and 23 counties in Western and Southwestern Virginia. This section formerly was in the Diocese of Southern Virginia.

Rev. Robert C. Jett, D. D., president of the Episcopal School for Boys, at Lynchburg, was elected bishop. Bishop William H. Milton, D. D., Bishop H. St. George Tucker, of Tokyo, Japan, and Rev. G. Otis Meade were nominated for the bishopric in opposition.

Dr. Jett was elected on the third ballot, receiving 17 votes from the clergy, out of 27, and 21 from the laymen, out of 32.

Rev. Francis Craighill, of Wytheville, was elected secretary. Addresses of farewell were delivered by Bishop Beverly D. Tucker, of the Diocese of Southern Virginia, and Bishop Coadjutor A. C. Thomson of the same diocese, both announcing that they would remain in the old diocese.

Last June the council of the Diocese of Southern Virginia, meeting in Danville, decided to divide its territory, with a view to creating a new diocesan organization in the western and southwestern part of the state.

A petition asking for this division was submitted to the triennial convention of the church in Detroit this fall and organization of the diocese was then authorized.

It is understood the headquarters of the new diocese and the home of the new bishop will be in Roanoke.

FIGHT GIVEN UP

Emma Goldman Abandons Appeal And Will be Deported to Russia

New York, Dec. 13.—Emma Goldman has given up her fight to remain in this country and wants to be deported. Harry Weinberger, her lawyer, announced last night that he had withdrawn his appeal to the United States Supreme Court in her behalf in order that she might be deported to soviet Russia along with Alexander Berkman. Emma Goldman declared she preferred to be deported at once rather than under go imprisonment without bail pending her appeal in the Supreme Court.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher **and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.**

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.
